THE FIRM

Berman Tabacco is a national law firm with 34 attorneys located in offices in Boston and San Francisco. Since its founding in 1982, the firm has devoted its practice to complex litigation, primarily representing plaintiffs seeking redress under U.S. federal and state securities, antitrust and consumer laws.

Over the past almost four decades, Berman Tabacco's attorneys have prosecuted hundreds of class actions, recovering billions of dollars on behalf of the firm's clients and the classes they represented. In addition to financial recoveries, the firm has achieved significant changes in corporate governance and business practices of defendant companies. Indeed, the firm appears as among the firms with the most settlements on the list of the top 100 largest securities class actions in SCAS' published report, *Top 100 U.S. Class Action Settlements of All Time (as of 12/31/2021)*.¹ According to ISS Securities Class Action Services' "Top 50 for 2015" report, Berman Tabacco was one of only six firms that recovered more than half-a-billion dollars for investors in 2015.² SCAS similarly ranked the firm among the few that obtained over half-a-billion in settlements in 2004 and 2009, and ranked the firm 3rd in terms of settlement averages for class actions in 2009, 2010 and 4th in 2004 (SCAS ceased rankings according to settlement sizes in 2012). The firm currently holds leadership positions in securities, antitrust and consumer cases around the country.

In 2020, *The Legal 500* reported client praise for Berman including that the firm has "[a]n excellent team from top to bottom. SECURITIES PRACTICE

Berman Tabacco has almost 40 years of experience in securities litigation and has represented public pension funds and other institutional investors in this area since 1998. As reported by Cornerstone Research, the firm has successfully prosecuted some of the most significant shareholder class action lawsuits.⁴ Indeed, the firm appears as among the firms with the most settlements on the list of the top 100 largest securities class actions in SCAS' published report, *Top 100 U.S. Class Action Settlements of All Time (as of 12/31/2021)*.⁵ According to ISS Securities Class Action Services "Top 50 for 2015" report, Berman Tabacco was one of only six firms that recovered more than half-a-billion dollars for investors in 2015.⁶ SCAS similarly ranked the firm among the few that obtained over half-a-billion in settlements in 2004 and 2009, and ranked the firm 3rd in terms of settlement averages for class actions in 2009, 2010 and 4th in 2004 (SCAS ceased rankings according to settlement sizes in 2012).

Specifically, the firm has been appointed lead or co-lead counsel in more than 100 actions, recovering billions of dollars on behalf of defrauded investors and the classes they represent under the Private Securities Litigation Reform Act of 1995 ("PSLRA"). The firm has an extremely rigorous case-evaluation process and highly experienced litigation attorneys. Its dismissal rate for cases brought under the PSLRA is less than half the overall dismissal rate for such cases according to one authoritative study.⁷

Berman Tabacco serves as monitoring, evaluation and/or litigation counsel to nearly 100 institutional investors, including statewide public employee retirement systems in more than 16 states, 18 public funds with more than \$50 billion in assets, six of the 10 largest public pension plans in the country and 11 of the

The firm provides portfolio monitoring, case evaluation and litigation services to its institutional clients, including the litigation of class and individual claims pursuant to U.S. federal and state securities laws, as well as derivative cases pursuant to state law. The firm also offers institutional investors legal services in other areas, including (a) representing institutional investors in general commercial litigation; (b) representing institutional investors in their capacity as defendants in constructive fraudulent transfer cases; (c) negotiating resolution of disputes with money managers and custodians; and (d) pursuing shareholder rights, such as books and records demands and merger and acquisition cases.

RESULTS

SECURITIES SETTLEMENTS

Examples of the firm's settlements include:

Carlson v. Xerox Corp., No. 00-cv-1621 (D. Conn.). Representing the Louisiana State Employees' Retirement System as co-lead counsel, Berman Tabacco negotiated a \$750 million settlement to resolve claims of securities fraud against Xerox, certain top officers and its auditor KPMG LLP. When it received final court approval in January 2009, the recovery was the 10th largest securities class action settlement of all time. The judge praised plaintiffs' counsel for obtaining "a very large settlement" despite vigorous opposition in a case complicated by an alleged fraud that "involved multiple accounting standards that touched on numerous aspects of a multinational corporation's business, implicated operating units around the world, and spanned five annual reporting periods. ... [and] the rudiments of the accounting principles at issue in the case were complex, as were numerous other aspects of the case. ... The class received high-quality legal representation and obtained a very large settlement in the face of vigorous opposition by highly experienced and skilled defense counsel."

In re IndyMac Mortgage-Backed Litigation, No. 09-cv-4583 (S.D.N.Y.). Representing the Wyoming State Treasurer's Office and the Wyoming Retirement System as lead plaintiffs, Berman Tabacco achieved settlements totaling \$346 million in a case regarding the securitization and sale of mortgage-backed securities ("MBS") by IndyMac Bank and related entities. In February 2015, the court approved a \$340 million settlement with six underwriters of IndyMac MBS offerings, adding to a previous \$6 million partial settlement and making the total recovery one of the largest MBS class action settlements to date. This settlement is extraordinary, not only because of its size but also because \$340 million of the settlement amount was paid entirely by underwriters who had due diligence defenses. In most other MBS cases, by contrast, plaintiffs were able to recover the settlement fund monies from the issuing entities, who are held to

a strict liability standard for which there is no due diligence defense. (The issuer in this action, IndyMac Bank, is no longer in existence.)

In re Bristol-Myers Squibb Securities Litigation, No. 02-cv-2251 (S.D.N.Y.). Berman Tabacco represented the Fresno County Employees' Retirement Association and Louisiana State Employees' Retirement System as co-lead plaintiffs and negotiated a settlement of \$300 million in July 2004. At that time, the settlement was the largest by a drug company in a U.S. securities fraud case.

In re The Bear Stearns Cos. Inc. Securities, Derivative and ERISA Litigation, Master File No. 08-MDL No. 1963/08 Civ. 2793 (S.D.N.Y.). Berman Tabacco acted as co-lead counsel for court-appointed lead plaintiff the State of Michigan Retirement Systems in this case arising from investment losses suffered in the Bear Stearns Companies' 2008 collapse. The firm negotiated \$294.9 million in settlements, comprised of \$275 million from Bear Stearns and \$19.9 million from auditor Deloitte & Touche LLP. The settlement received final approval November 9, 2012. At the time, the settlement for \$294.9 million represented one of the 40 largest securities class action settlements under the PSLRA. This is particularly significant in light of the fact that no government entity had pursued actions or claims against Bear Stearns or its former officers and directors related to the same conduct complained of in the firm's action.

In re El Paso Securities Litigation, No. H-02-2717 (S.D. Tex.). Representing the Oklahoma Firefighters Pension and Retirement System as co-lead plaintiff, Berman Tabacco helped negotiate a settlement totaling \$285 million, including \$12 million from auditors PricewaterhouseCoopers. The court granted final approval of the settlement in March 2007.

California Public Employees' Retirement System v. Moody's Corp., No. CGC-09-490241 (Cal. Super. Ct. San Francisco Cty.). As sole counsel representing the California Public Employees' Retirement System (CalPERS), the firm obtained a combined \$255 million settlement with the credit rating agencies Moody's and Standard & Poor's to settle CalPERS' claim that "Aaa" ratings on three structured investment vehicles were negligent misrepresentations under California law. In addition to achieving a substantial recovery for investment losses, this case was groundbreaking in that (a) the settlements rank as the largest known recoveries from Moody's and S&P in a private lawsuit for civil damages, and (b) it resulted in a published appellate court opinion finding that rating agencies can, in certain circumstances, be liable for negligent misrepresentations under California law for their ratings of privately-placed securities.

In re Centennial Technologies Securities Litigation, No. 97-cv-10304 (D. Mass.). Berman Tabacco served as sole lead counsel in a class action involving a massive accounting scandal that shot down the company's high-flying stock. Berman Tabacco negotiated a settlement that permitted a turnaround of the company and provided a substantial recovery for class members. The firm negotiated changes in corporate practice, including strengthening internal financial controls and obtaining 37% of the company's stock for the class. The firm also recovered \$20 million from Coopers & Lybrand, Centennial's auditor at the time. In addition, the firm recovered \$2.1 million from defendants Jay Alix & Associates and Lawrence J. Ramaekers for a total recovery of more than \$35 million for the class. The firm subsequently obtained a \$207 million judgment against former Centennial CEO Emanuel Pinez.

In re Digital Lightwave Securities Litigation, No. 98-152-cv-T-24C (M.D. Fla.). As co-lead counsel, Berman Tabacco negotiated a settlement that included changing company management and strengthening the company's internal financial controls. The class received 1.8 million shares of freely tradable common stock

that traded at just below \$4 per share when the court approved the settlement. At the time the shares were distributed to the members of the class, the stock traded at approximately \$100 per share and class members received more than 200% of their losses after the payment of attorneys' fees and expenses. The total value of the settlement, at the time of distribution, was almost \$200 million.

In re Lernout & Hauspie Securities Litigation, No. 00-11589 (D. Mass.), and *Quaak v. Dexia, S.A.*, No. 03-11566 (D. Mass.). In December 2004, as co-lead counsel, Berman Tabacco negotiated what was then the third-largest settlement ever paid by accounting firms in a securities class action – a \$115 million agreement with the U.S. and Belgian affiliates of KPMG International. The case stemmed from KPMG's work for Lernout & Hauspie Speech Products, a software company driven into bankruptcy by a massive fraud. In March 2005, the firm reached an additional settlement worth \$5.27 million with certain of Lernout & Hauspie's former top officers and directors. In the related *Quaak* case, the firm negotiated a \$60 million settlement with Dexia Bank Belgium to settle claims stemming from the bank's alleged role in the fraudulent scheme at Lernout & Hauspie. The court granted final approval of the Dexia settlement in June 2007, bringing the total settlement value to more than \$180 million.

In re BP PLC Securities Litigation, No. 10-md-2185 (S.D. Tex.). The firm was co-lead counsel representing co-lead plaintiff Ohio Public Employees Retirement System. Lead plaintiffs reached a \$175 million settlement to resolve claims brought on behalf of a class of investors who purchased BP's American Depositary Shares ("ADS") between April 26, 2010 and May 28, 2010. The action alleged that BP and two of its former officers made false and misleading statements regarding the severity of the Gulf of Mexico oil spill. More specifically, plaintiffs alleged that BP misrepresented that its best estimate of the oil spill flow rate was from 1,000 to 5,000 barrels of oil per day, when internal BP estimates showed substantially higher potential flow rates. On February 13, 2017, the court granted final approval of the settlement, ending more than six years of hard fought litigation that included extensive fact and expert discovery, multiple rounds of briefing on defendants' motions to dismiss, two rounds of briefing on class certification, a successful defense of BP's appeal of the district court's class certification decision and briefing on cross-motions for summary judgment. This settlement reportedly represents one of only four mega securities class action settlements (settlements of \$100 million or more) in 2017. See *Securities Class Action Settlements—2017 Review and Analysis*, p. 4 (Cornerstone Research 2018), <https://www.cornerstone.com/Publications/Reports/Securities-Class-Action-Settlements-2017-Review-and-Analysis>. It was also listed as the highest valued settlement during the first half of 2017 by ISS Securities Class Action Services. See ISS Securities Class Action Services, *Top 100 U.S. Class Action Settlements of All Time as of Dec. 31, 2017* (2018), p. 2, available at <https://www.bermantabacco.com/wp-content/uploads/2018/03/SCAS-Top-100-Settlements-of-All-Time-2017-12-31.pdf>.

In re Fannie Mae 2008 Securities Litigation, No. 08-cv-7831 (S.D.N.Y.). As co-lead counsel representing the Massachusetts Pension Reserves Investment Management Board, a co-lead plaintiff for the common stock class, Berman Tabacco helped negotiate a \$170 million settlement with Fannie Mae. To achieve the settlement, which was approved in March 2015, plaintiffs had to overcome the challenges posed by the federal government's placement of Fannie Mae into conservatorship and by the Second Circuit's upholding of dismissal of similar claims against Freddie Mac, Fannie Mae's sibling Government-Sponsored Enterprise.

In re Symbol Technologies, Inc. Securities Litigation, No. 2:02-cv-01383 (E.D.N.Y.). Berman Tabacco represented the Louisiana Municipal Police Employees' Retirement System as co-lead plaintiff, obtaining a \$139 million partial settlement in June 2004. Subsequently, Symbol's former auditor, Deloitte & Touche

LLP, agreed to pay \$24 million, bringing the total settlement to \$163 million. The court granted final approval in September 2006.

In re Prison Realty Securities Litigation, No. 3:99-cv-0452 (M.D. Tenn.) (*In re Old CCA Securities Litigation*, No. 3:99-cv-0458). The firm represented the former shareholders of Corrections Corporation of America, which merged with another company to form Prison Realty Trust, Inc. The action charged that the registration statement issued in connection with the merger contained untrue statements. Overcoming arguments that the class' claims of securities fraud were released in prior litigation involving the merger, the firm successfully defeated the motions to dismiss. It subsequently negotiated a global settlement of approximately \$120 million in cash and stock for this case and other related litigation.

Oracle Cases, Coordination Proceeding, Special Title (Rule 1550(b)) No. 4180 (Cal. Super. Ct. San Mateo Cty.). In this coordinated derivative action, Oracle Corporation shareholders alleged that the company's Chief Executive Officer, Lawrence J. Ellison, profited from illegal insider trading. Acting as co-lead counsel, the firm reached a settlement, pursuant to which Mr. Ellison would personally make charitable donations of \$100 million over five years in Oracle's name to an institution or charity approved by the company and pay \$22 million in attorneys' fees and expenses associated with the prosecution of the case. The innovative agreement, approved by a judge in December 2005, benefited Oracle through increased goodwill and brand recognition, while minimizing concerns that would have been raised by a payment from Mr. Ellison to the company, given his significant ownership stake. The lawsuit resulted in important changes to Oracle's internal trading policies that decrease the chances that an insider will be able to trade in possession of material, non-public information.

In re International Rectifier Securities Litigation, No. 07-cv-2544 (C.D. Cal.). As co-lead counsel representing the Massachusetts Laborers' Pension Fund, the firm negotiated a \$90 million settlement with International Rectifier Corporation and certain top officers and directors. The case alleged that the company engaged in numerous accounting improprieties to inflate its financial results. The court granted final approval of the settlement in February 2010. At the settlement approval hearing, the Honorable John F. Walter, the presiding judge, praised counsel, stating: "I think the work by the lawyers – all the lawyers in this case – was excellent. ... In this case, the papers were excellent. So it makes our job easier and, quite frankly, more interesting when I have lawyers with the skill of the lawyers that are present in the courtroom today who have worked on this case ... the motion practice in this case was, quite frankly, very intellectually challenging and well done. ... I've presided over this consolidated action since its commencement and have nothing but the highest respect for the professionalism of the attorneys involved in this case. ... The fact that plaintiffs' counsel were able to successfully prosecute this action against such formidable opponents is an impressive feat."

In re State Street Bank & Trust Co. ERISA Litigation, No. 07-cv-8488 (S.D.N.Y.). The firm acted as co-lead counsel in this consolidated class action case, which alleged that defendant State Street Bank and Trust Company and its affiliate, State Street Global Advisors, Inc., (collectively, "State Street") breached their fiduciary duties under the Employee Retirement Income Security Act of 1974 ("ERISA") by failing to prudently manage the assets of ERISA plans invested in State Street fixed income funds during 2007. After well over a year of litigation, during which Berman Tabacco and its co-counsel reviewed approximately 13 million pages of documents and took more than 30 depositions, the parties negotiated an all-cash \$89.75 million settlement, which received final approval in 2010.

In re Philip Services Corp. Securities Litigation, No. 98-cv-0835 (S.D.N.Y.). As co-lead counsel, Berman Tabacco negotiated settlements totaling \$79.75 million with the bankrupt company's former auditors, top officers, directors and underwriters. The case alleged that Philip Services and its top officers and directors made false and misleading statements regarding the company's publicly reported revenues, earnings, assets and liabilities. The district court initially dismissed the claims on grounds of *forum non conveniens*, but the firm successfully obtained a reversal by the United States Court of Appeals for the Second Circuit. The court granted final approval of the settlements in March 2007.

In re Reliant Securities Litigation, No. 02-cv-1810 (S.D. Tex.). As lead counsel representing the Louisiana Municipal Police Employees' Retirement System, the firm negotiated a \$75 million cash settlement from the company and Deloitte & Touche LLP. The settlement received final approval in January 2006.

In re KLA-Tencor Corp. Securities Litigation, No. 06-cv-04065 (N.D. Cal.). Representing co-lead plaintiff Louisiana Municipal Police Employees' Retirement System, Berman Tabacco negotiated a \$65 million agreement to settle claims that KLA-Tencor illegally backdated stock option grants, issued false and misleading statements regarding grants to key executives and inflated the company's financial results by understating expenses associated with the backdated options. The court granted final approval of the settlement in 2008. At the conclusion of the case, Judge Charles R. Breyer praised plaintiffs' counsel for "working very hard" in exchange for an "extraordinarily reasonable" fee, stating: "I appreciate the fact that you've done an outstanding job, and you've been entirely reasonable in what you've done. Congratulations for working very hard on this."

City of Brockton Retirement System v. Avon Products Inc., No. 11-cv-04665 (S.D.N.Y.). As a member of the executive committee representing named plaintiffs City of Brockton Retirement System and Louisiana Municipal Police Employees' Retirement System, the firm negotiated a \$62 million settlement. The action alleged that Avon Products, Inc. violated federal securities laws by failing to disclose to investors the size and scope of the Company's violations of the Foreign Corrupt Practices Act of 1977 ("FCPA"). In response to Avon's piecemeal disclosures over the course of more than a year, which ultimately revealed the true extent of the FCPA violations, the company's stock lost nearly 20% of its pre-disclosure value. This case was one of the very few successful securities cases premised on FCPA violations.

Ehrenreich v. Witter, No. 95-cv-6637 (S.D. Fla.). The firm was co-lead counsel in this case involving Sensormatic Electronics Corp., which resulted in a settlement of \$53.5 million. In re Thomas & Betts Securities Litigation, No. 2:00-cv-2127 (W.D. Tenn.). The firm served as co-lead counsel in this class action, which settled for more than \$51 million in 2004. In re Enterasys Networks, Inc. Securities Litigation, No. C-02-071-M (D.N.H.). Berman Tabacco acted as sole lead counsel in a case against Enterasys Networks, Inc., in which the Los Angeles County Employees Retirement Association was lead plaintiff. The company settled in October 2003 for \$17 million in cash, stock valued at \$33 million and major corporate governance improvements that opened the computer networking company to greater public scrutiny. Changes included requiring the company to back a proposal to eliminate its staggered board of directors, allowing certain large shareholders to propose candidates to

the board and expanding the company's annual proxy disclosures. The settlement received final court approval in December 2003.

Giarraputo v. UNUMProvident Corp., No. 2:99-cv-00301 (D. Me.). As co-lead counsel representing the Oklahoma Police Pension & Retirement System, the firm negotiated a \$37.25 million settlement – including \$4.75 million from auditors Deloitte & Touche and \$8.5 million from underwriters – despite the difficulties American Home's bankruptcy posed to asset recovery. The plaintiffs contended that American Home had failed to write down the value of certain loans in its portfolio, which declined substantially in value as the credit markets unraveled. The settlement received final approval in 2010 and was distributed in 2011.

In re Avant, Securities Litigation, No. 96-cv-20132 (N.D. Cal.). Avant!, a software company, was charged with securities fraud in connection with its alleged theft of a competitor's software code, which Avant! incorporated into its flagship software product. In re Zynga Inc. Securities Litigation, No. 12-cv-04007 (N.D. Cal.). As co-lead counsel, the firm negotiated a \$23 million recovery to settle claims against the company and certain of its officers. The case alleged that the company and its highest-level officers falsely touted accelerated bookings and aggressive growth through 2012, while concealing crucial information that Zynga was experiencing significant declines in bookings for its games and upcoming Facebook platform changes that would negatively impact Zynga's bookings. Then, while Zynga's stock was trading at near a class-period high, defendants obtained an early release from the IPO lock-up on their shares to enable them and a few other insiders to reap over \$593 million in proceeds in a secondary offering of personally held shares. The secondary offering was timed just three months before Zynga announced its dismal Q2 2012 earnings at the end of the class period, which caused Zynga's stock to plummet. The court granted final approval of the settlement in February 2016.

In re ICG Communications Inc. Securities Litigation, No. 00-cv-1864 (D. Colo.). As co-lead counsel representing the Strategic Marketing Analysis Fund, the firm negotiated an \$18 million settlement with ICG Communications Inc. The case settled for \$12 million on the eve of trial in 2002.

In re Molten Metal Technology Inc. Securities Litigation, No. 1:97-cv-10325 (D. Mass.), and *Axler v. Scientific Ecology Group, Inc.*, No. 1:98-cv-10161 (D. Mass.). As co-lead counsel, Berman Tabacco played a key role in settling the actions after Molten Metal and several affiliates filed a petition for bankruptcy reorganization in Massachusetts. The individual defendants and the insurance carriers in Molten Metal agreed to settle for \$11.91 million. After the bankruptcy, a trustee objected to the use of insurance proceeds for the settlement. The parties agreed to pay the trustee \$1.325 million of the Molten Metal settlement. The parties also agreed to settle claims against Scientific Ecology Group for \$1.25 million, giving Molten Metal's investors \$11.835 million.

As counsel for court-appointed plaintiff, the Louisiana Municipal Police Employees' Retirement System, Berman Tabacco obtained an \$8.1 million settlement from the company and its former CEO and CFO, which the court approved in January 2013. The case alleged that the company had misled investors about its accounting practices, including overstatement of revenues.

In re Interspeed, Inc. Securities Litigation, No. 00-cv-12090-EFH (D. Mass.). Berman Tabacco served as co-lead counsel and negotiated a \$7.5 million settlement on behalf of the class. The settlement was reached in an early stage of the proceedings, largely as a result of the financial condition of Interspeed and the need to salvage a recovery from its available assets and insurance.

In re Aqua Metals, Inc. Securities Litigation, No. 4:17-CV-07142-HSG (N.D. Cal.). Berman Tabacco served as co-lead counsel for court-appointed lead plaintiff Plymouth County Retirement Association and negotiated a \$7 million settlement on behalf of the class. The court granted final approval of the settlement on March 2, 2022.

In re Abercrombie & Fitch Co. Securities Litigation, No. M21-83 (S.D.N.Y.). As a member of the executive committee in this case, the firm recovered more than \$6 million on behalf of investors. The case alleged that the clothing company misled investors with respect to declining sales, which affected the company's financial condition. The court granted final approval of the settlement in January 2007.

In re Digital Domain Media Group, Inc. Securities Litigation, No. 12-14333-CIV (S.D. Fla.). As co-lead counsel, Berman Tabacco obtained a \$5.5 million settlement on behalf investors of Digital Domain Media Group, Inc. ("DDMG") that was approved by the both bankruptcy court and the Southern District of Florida. The lead plaintiffs alleged that DDMG, a digital production company that was forced to file for bankruptcy in September 2012, less than 10 months after its initial public offering ("IPO"), misled investors in documents filed with the U.S. Securities and Exchange Commission as part of the IPO and in other statements made throughout the class period. Among other things, the lawsuit alleged that the defendants misled the public about DDMG's ability to raise capital and fund its operations, falsely reassuring investors about the company's ability to meet operating expenses while it "burned" cash at a rate that threatened its viability. In fact, according to a September 18, 2012 article in the Palm Beach Post, DDMG had difficulties meeting payroll as far back as 2010. According to the same article, then-Chairman and CEO John C. Textor "himself predicted a 'train wreck' in an email to an investor in early 2010."

In re WorldCom, Inc. Securities Litigation, No. 02-cv-3288 (S.D.N.Y.). As counsel to court-appointed bondholder representatives, the County of Fresno, California and the Fresno County Employees' Retirement Association, Berman Tabacco helped a team of lawyers representing the lead plaintiff, the New York State Common Retirement Fund, obtain settlements worth more than \$6.13 billion.

Daccache, et al. v. Raymond James Financial, Inc., et al., No. 16-cv-21575 (S.D. Fla.); *Shaw et al. v. Raymond James Financial, Inc., et al.*, No. 5:16-cv-00129-GWC (D. Vt. May 17, 2016). Berman Tabacco served on the Plaintiffs' Steering Committee in this RICO class action brought on behalf of investors in limited partnerships associated with the Jay Peak ski resort in Vermont. Plaintiffs, foreign nationals whose investments were made through the federal "EB-5 Immigrant Investor Program," alleged that over \$200

million in investor funds were misappropriated and/or otherwise misused in an elaborate, Ponzi-like scheme. Defendants' scheme was revealed in April 2016, when the SEC announced multiple securities fraud charges and an asset freeze against Jay Peak and related business entities, the resort's Florida-based owner and the resort's principal officer. Plaintiffs alleged that those individuals and entities, as well as certain financial institutions and their employees, devised and executed a complex money laundering scheme wherein investor funds were improperly transferred from escrow accounts to investment accounts that were controlled by Jay Peak's owner and used for purposes other than those specified in the limited partnership documents. Among other things, plaintiffs alleged the improper commingling of investor funds and the misappropriation of more than \$50 million in investor funds by Jay Peak's owner for his personal use. Plaintiffs sought recovery under Florida's RICO Act and also asserted claims for common law fraud, breach of fiduciary duty, negligence, civil conspiracy, and breach of contract. On April 13, 2017, Defendant Raymond James & Associates, Inc. agreed to a \$150 million settlement, which was approved on June 30, 2017.

ANTITRUST PRACTICE

Berman Tabacco has a national reputation for our work prosecuting antitrust class actions involving price-fixing, market allocation agreements, patent misuse, monopolization and group boycotts among other types of anticompetitive conduct. Representing clients ranging from Fortune 500 companies and public pension funds to individual consumers, the experienced senior attorneys in our Antitrust Practice Group have engineered substantial settlements and changed business practices of defendant companies, recovering more than \$1 billion for our clients overall.

Berman Tabacco has played a major role in the prosecution of numerous landmark antitrust cases. For example, the firm was lead counsel in the Toys "R" Us litigation, which developed the antitrust laws with respect to "hub and spoke" conspiracies and resulted in a \$56 million settlement. Berman Tabacco brought the first action centered on so-called "reverse payments" between a brand name drug maker and a generic drug maker, resulting in an \$80 million settlement from the drug makers, which had been accused of keeping a generic version of their blood pressure medication off the market.

The firm's victories for victims of antitrust violations have come at the trial court level and also through landmark appellate court victories, which have contributed to shaping private enforcement of antitrust law. For example, in the Cardizem CD case, Berman Tabacco was co-lead counsel representing health insurer Aetna in an antitrust class action and obtained a pioneering ruling in the federal court of appeals regarding the "reverse payment" by a generic drug manufacturer to the brand name drug manufacturer. In a first of its kind ruling, the appellate court held that the brand name drug manufacturer's payment of \$40 million per year to the generic company for the generic to delay bringing its competing drug to market was a *per se* unlawful market allocation agreement. Today that victory still shapes the ongoing antitrust battle over competition in the pharmaceutical market.

In the firm's case against diamond giant De Beers, the Third Circuit, sitting *en banc*, vacated an earlier panel decision and upheld the certification of a nationwide settlement class, removing the last obstacle to final approval of an historic \$295 million settlement. The Third Circuit's important decision provides a roadmap for obtaining settlement class certification in complex, nationwide class actions involving laws of numerous states.

In 2016, the firm won reversal of a grant of summary judgment for defendant automakers in a group boycott-conspiracy case involving the export of new motor vehicles from Canada to the U.S. The California Court of Appeal found that plaintiffs had presented evidence of “patently anticompetitive conduct” with evidence gathered in the pre-trial phase, which was powerful enough to go to a jury. The ruling is a rare example of an appellate court analyzing and reversing a trial court’s evidentiary rulings to find evidence of a conspiracy.

Today the firm currently represents clients in significant antitrust class actions around the country, including actively representing major public pension funds in prosecuting price-fixing in the financial derivatives and commodities markets in the Euribor and Yen LIBOR actions and the Foreign Currency Exchange Rate action.

While the majority of antitrust cases settle, our attorneys have experience taking antitrust class actions to trial. Because we represent only plaintiffs in antitrust matters, we do not have the conflicts of interest of other national law firms that represent both plaintiffs and defendants. Our experience also allows us to counsel medium and larger-sized corporations considering whether to participate as a class member or opt-out and pursue an individual strategy.

RESULTS

ANTITRUST SETTLEMENTS

Over the past nearly three decades, Berman Tabacco has actively prosecuted scores of complex antitrust cases that led to substantial settlements for its clients. These include:

In re NASDAQ Market-Makers Antitrust Litigation, No. 94-cv-3996 (S.D.N.Y.). The firm played a significant role in one of the largest antitrust settlements on record in a case that involved alleged price-fixing by more than 30 NASDAQ Market-Makers on about 6,000 NASDAQ-listed stocks over a four-year period. The settlement was valued at nearly \$1 billion.

In re Foreign Currency Conversion Fee Antitrust Litigation, MDL No. 1409 (S.D.N.Y.). Berman Tabacco, as head of discovery against defendant Citigroup Inc., played a key role in reaching a \$336 million settlement. The agreement settled claims that the defendants, which include the VISA, MasterCard and Diners Club networks and other leading bank members of the VISA and MasterCard networks, violated federal and state antitrust laws in connection with fees charged to U.S. cardholders for transactions effected in foreign currencies.

In re DRAM Antitrust Litigation, No. M:02-cv-01486 (N.D. Cal.). As liaison counsel, the firm actively participated in this multidistrict litigation, which ultimately resulted in significant settlements with some of the world’s leading manufacturers of Dynamic Random Access Memory (DRAM) chips. The defendant chip-makers allegedly conspired to fix prices of the DRAM memory chips sold in the United States during the class period. The negotiated settlements totaled nearly \$326 million.

Sullivan v. DB Investments, Inc., No. 04-02819 (D.N.J.). Berman Tabacco represented a class of diamond resellers, such as diamond jewelry stores, in this case alleging that the De Beers group of companies unlawfully monopolized the worldwide supply of diamonds in a scheme to overcharge resellers and

consumers. In May 2008, a federal judge approved the settlement, which included a cash payment to class members of \$295 million, an agreement by De Beers to submit to the jurisdiction of the United States court to enforce the terms of the settlement and a comprehensive injunction limiting De Beers' ability to restrict the worldwide supply of diamonds in the future. This case is significant not only because of the large cash recovery but also because previous efforts to obtain jurisdiction over De Beers in both private and government actions had failed. On August 27, 2010, the United States Court of Appeals for the Third Circuit agreed to hear arguments over whether to uphold the district court's certification of the settlement class. By agreeing to schedule an *en banc* appeal before the full court, the Third Circuit vacated a July 13, 2010 ruling by a three-judge panel of the appeals court that, in a 2-to-1 decision, had ordered a remand of the case back to the district court, which may have required substantial adjustments to the original settlement. On February 23, 2011, the Third Circuit, sitting *en banc*, again heard oral argument from the parties. On December 20, 2011, the *en banc* Third Circuit handed down its decision affirming the district court in all respects.

In re Lithium Ion Batteries Antitrust Litigation, No. 13-md-2420-YGR (N.D. Cal.). As co-lead class counsel for Direct Purchaser Plaintiffs ("DPPs") in this multidistrict antitrust litigation, the firm achieved settlements totaling \$139.3 million. The litigation arose from an alleged worldwide conspiracy to fix prices of lithium-ion rechargeable batteries ("LiBs"). LiBs are components of LiB camcorders, digital cameras and laptop computers. The alleged conspiracy involved some of the largest companies in the world—Sony, Samsung SDI, Panasonic, Sanyo, LG Chem, Toshiba, Hitachi Maxell and NEC Corp. The lawsuit alleges that defendants participated in a conspiracy to fix the prices of LiBs, which affected the prices paid for the batteries and certain products in which the batteries are used. Plaintiffs successfully defeated multiple motions to dismiss involving complex issues of antitrust standing and the pleading of conspiracy allegations. Berman Tabacco and the team negotiated multiple settlements totaling \$139.3 million. The court granted final approval on May 16, 2018.

In re Sorbates Direct Purchaser Antitrust Litigation, No. C 98-4886 CAL (N.D. Cal.). The firm served as lead counsel alleging that six manufacturers of Sorbates, a food preservative, violated antitrust laws through participation in a worldwide conspiracy to fix prices and allocations to customers in the United States. The firm negotiated a partial settlement of \$82 million with four of the defendants in 2000. Following intensive pretrial litigation, the firm achieved a further \$14.5 million settlement with the two remaining defendants, Japanese manufacturers, in 2002. The total settlement achieved for the class was \$96.5 million.

In re Disposable Contact Lens Antitrust Litigation, MDL No. 1030 (M.D. Fla.). The firm acted as co-lead counsel and chief trial counsel. Representing both a national class and the State of Florida, the firm helped secure settlements from defendants Bausch & Lomb and the American Optometric Association before trial and from Johnson & Johnson after five weeks of trial. The settlements were valued at more than \$92 million and also included significant injunctive relief to make disposable contact lenses available at more discount outlets and more competitive prices.

In re Cardizem CD Antitrust Litigation, No. 99-01278 (E.D. Mich.). In another case involving generic drug competition, Berman Tabacco, as co-lead counsel, helped secure an \$80 million settlement from French-German drug maker Aventis Pharmaceuticals and the Andrx Corporation of Florida. The payment to consumers, state agencies and insurance companies settled claims that the companies conspired to prevent the marketing of a less expensive generic version of the blood pressure medication Cardizem CD. The state attorneys general of New York and Michigan joined the case in support of the class. The firm achieved a significant appellate victory in a first of its kind ruling that the brand name drugmaker's payment

of \$40 million per year for the generic company to delay bringing its generic version of blood-pressure medication Cardizem CD to market constituted an agreement not to compete that is a *per se* violation of the antitrust laws.

In re Toys "R" Us Antitrust Litigation, MDL No. 1211 (E.D.N.Y.). Berman Tabacco negotiated a \$56 million settlement to answer claims that the retailer violated laws by colluding to cut off or limit supplies of popular toys to stores that sold the products at lower prices. The case developed the antitrust laws with respect to a "hub and spoke" conspiracy, where a downstream power seller coerces upstream manufacturers to the detriment of consumers. One component of the settlement required Toys "R" Us to donate \$36 million worth of toys to needy children throughout the United States over a three-year period.

In re Reformulated Gasoline (RFG) Antitrust and Patent Litigation, MDL No. 05-1671 (C.D. Cal.). Berman Tabacco, as co-lead counsel, negotiated a \$48 million settlement with Union Oil Company and Unocal. The agreement settled claims that the defendants manipulated the California gas market for summertime reformulated gasoline and increased prices for consumers. The noteworthy settlement delivered to consumers a combination of clean air benefits and funding for alternative fuel research.

In re Abbott Laboratories Norvir Antitrust Litigation, Nos. 04-1511, 04-4203 (N.D. Cal.). Berman Tabacco acted as co-lead counsel in a case on behalf of indirect purchasers alleging that the defendant pharmaceutical company engaged in an illegal leveraged monopoly in the sale of its AIDS boosting drug known as Norvir (or Ritanovir). Plaintiffs were successful through summary judgment, including the invalidation of two key patents based on prior art, but were reversed on appeal in the Ninth Circuit as to the leveraged monopoly theory. The case settled for \$10 million, which was distributed net of fees and costs on a *cy pres* basis to 10 different AIDS research and charity organizations throughout the United States.

Automotive Refinishing Paint Antitrust, J.C.C.P. No. 4199 (Cal. Super. Ct.). In this class action, indirect purchaser-plaintiffs brought suit in California State Court against five manufacturers of automotive refinishing coatings and chemicals alleging that they violated California law by unlawfully conspiring to fix paint prices. Settlements were reached with all defendants totaling \$9.4 million, 55% of which was allocated among an End-User Class consisting of consumers and distributed on a *cy pres*, or charitable, basis to thirty-nine court-approved organizations throughout California, and the remaining 45% of which was distributed directly to a Refinishing Class consisting principally of auto-body shops located throughout California.

CONSUMER PRACTICE

With almost 40 years of class action litigation experience, Berman Tabacco is committed to bringing justice to the victims of fraudulent and abusive practices. Over the years, the firm has prosecuted and obtained recoveries for consumers against various business such as banks, computer electronics and software companies, brokers and product manufacturers.

Most recently, Berman Tabacco is seeking to apply its extensive complex class action experience to fight against unlawful and predatory lending practices. Berman Tabacco currently serves as lead counsel in several class actions brought on behalf of individuals arguing that their need for short-term cash has been exploited by illegal online payday lending schemes. The cases allege that payday lenders issued loans in

the name of sham companies established by Native American tribes, including American Web Loan, Plain Green and Great Plains Lending, in a brazen attempt to dodge usury laws and charge unlawful triple-digit interest rates.

In addition to recovering monies for consumers, the firm has obtained ground-breaking decisions for the benefit of consumers, including in cases against Wells Fargo, Morgan Stanley and Kwikset.

RESULTS

CONSUMER SETTLEMENTS

Examples of the firm's settlements include:

In re Think Finance, LLC, et al., No. 17-33964-hdh11 (Bankr. N.D. Tex.). Berman Tabacco played a pivotal role in securing a partial settlement worth approximately \$56 million to date on behalf of consumers who took out unlawful, high-interest loans issued in the name of Native American-affiliated online lenders, Plain Green and Great Plains Lending. Plaintiffs allege that non-tribal entities and individuals, including a Texas-based payday lender called Think Finance, improperly attempted to use tribal sovereign immunity as a shield for their unlawful, triple-digit lending enterprise. The partial settlement represents a significant achievement given that the bulk of the recovery was secured through Chapter 11 bankruptcy proceedings that Think Finance initiated while litigation was pending against it, a step that typically leads to a substantially limited, if any, recovery for plaintiffs. Berman Tabacco continues to pursue claims against the non-settling defendants involved in the unlawful lending enterprise.

McLaughlin v. Wells Fargo Bank, N.A., d/b/a Wells Fargo Home Mortgage, No. 3:15-CV-02904 (N.D. Cal.). Berman Tabacco served as local counsel for a class of borrowers with mortgages held and serviced by Wells Fargo in an action alleging that the bank's payoff statements violated the Truth in Lending Act ("TILA") as they failed to disclose insurance claim funds. Plaintiffs achieved a precedent-setting opinion holding that TILA requires the bank to include insurance claim funds in its mortgage payoff statements. *See McLaughlin v. Wells Fargo Bank NA*, No. 3:15-cv-02904-WHA, 2015 WL 10889993 (N.D. Cal. Oct. 29, 2015). The case settled for 88% of the total maximum statutory damages available under TILA. The settlement also requires Wells Fargo to disclose insurance claim funds on all of its payoff statements going forward.

Trabakoolas v. Watts Water Technologies, Inc., No. 4:12-Cv-01172-Ygr (N.D. Cal.). Berman Tabacco served on the plaintiffs' steering committee and served as liaison counsel for this successful product liability design defect class action involving toilet nut connectors. Plaintiffs alleged a toilet connector manufactured by Watts Water Technologies, Inc., which had been installed in approximately 25 percent of homes and commercial properties built in the U.S. since the year 2000, suffered from a design defect. This defect could result in water flowing into the home, potentially causing catastrophic water damage. The settlement provided a fund of \$23 million to reimburse class members who experienced property damage and to pay for replacement of toilet nut connectors for those with allegedly defective parts.

Roskind v. Morgan Stanley Dean Witter & Co., 80 Cal. App. 4th 345 (Cal. App. 1st Dist. 2000). Berman Tabacco obtained a landmark ruling from the California Court of Appeal, holding that federal law does not preempt investors from bringing unfair business practices claims under the Business & Professions Code of

California. Defendant brought this matter to the U.S. Supreme Court but the firm was successful in upholding this ruling. See *Roskind v. Morgan Stanley Dean Witter & Co.*, 2000 Cal. Lexis 6583 (Aug. 16, 2000) (petition for review denied); *Morgan Stanley Dean Witter & Co. v. Roskind*, 531 U.S. 1119 (2001) (writ of certiorari denied).

Carlin v. DairyAmerica, Inc., No. 1:09-cv-00430 (E.D. Cal.). Berman Tabacco, as co-lead counsel, obtained a \$40 million on behalf of a class of dairy farmers who sold raw milk according to prices set by the federal government. Plaintiffs claimed that DairyAmerica, the nation's largest marketer of non-fat dry milk and a California-based milk processing firm, California Dairies, conspired to inflate their own profits at the expense of dairy farmers by misreporting critical data used by the government to set raw milk prices.

Kwikset Corp. v. Superior Court of Orange County; James Benson, Real Parties in Interest, No. S171845 (Cal.). Berman Tabacco represented three union clients as *amicus curiae* before the California Supreme Court in this consumer action alleging that Kwikset falsely labeled products as "Made in the USA." The California Supreme Court's ultimate opinion (*Kwikset Corp. v. Superior Court*, 51 Cal. 4th 310 (2011)), was highly favorable to consumers and became one of the leading opinions regarding standing under California's Unfair Competition Law.

TRIAL EXPERIENCE

The firm has significant experience taking class actions to trial. Over the years, Berman Tabacco's attorneys have tried cases against pharmaceutical companies in courtrooms in New York and Boston, a railroad conglomerate in Delaware, one of the nation's largest trustee banks in Philadelphia, a major food retailer in St. Louis and the top officers of a failed New England bank.

The firm has been involved in more trials than most of the firms in the plaintiffs' class action bar. Our partners' trial experience includes:

- > *In re PHC, Inc. Shareholder Litigation*, No. 1:11-cv-11049-PBS (D. Mass.). After two-week trial in 2017 in this breach of fiduciary class action, jury verdict for plaintiffs but no damage award. DANIEL E. BARENBAUM

A partner in the firm's San Francisco office and member of the firm's Executive Committee, Daniel Barenbaum focuses his practice on securities litigation. Mr. Barenbaum was one of the lead attorneys representing the California Public Employees' Retirement System in the landmark case brought against the major credit rating agencies (Standard & Poor's and Moody's) in connection with the marketing of one of the largest, most complex structured-finance securities ever devised. The case settled for a total of \$255 million. He also represented co-lead plaintiff for the common stock class

Massachusetts Pension Reserves Investment Management Board in a case that settled for \$170 million against Fannie Mae; the complaint centered on misrepresentations regarding the amount of subprime and Alt-A on the company's books and the lack of adequate risk controls used and disclosed to manage those types of loans. Further, Mr. Barenbaum regularly represents institutional investor clients in matters involving multi-party issues/disputes and complex discovery (for documents, individual depositions, and institutional "person most knowledgeable" depositions of key executives), including matters where they stand to collect millions of dollars as potential beneficiaries of certain government agencies' investigations or civil actions.

Mr. Barenbaum is one of the lead partners for the team representing the sole Lead Plaintiff Alameda County Employees' Retirement Association in *Hayden v. Portola Pharmaceuticals Inc., et al.*, No. 3:20-cv-00367-VC (N.D. Cal.)—securities litigation brought on behalf of investors in Portola Pharmaceuticals, Inc., a biopharmaceutical company that develops and commercializes treatments for thrombosis and other hematologic diseases. Portola's primary product is Andexxa, a reversal drug for apixaban- and rivaroxaban-treated patients with life-threatening or uncontrolled bleeding. The action alleges that, between January 8, 2019 and February 26, 2020, defendants issued materially false and misleading statements related to the sales of Andexxa. Lead Plaintiff's complaint alleges violations of Sections 10(a) and 20(a) of the Securities Exchange Act of 1934, and Sections 11, 12(a)(2), and 15 of the Securities Act of 1933. The company is alleged to have made material misrepresentations and related omissions about (1) its compliance with GAAP, specifically as to recognizing revenue under ASC-606 and under-reserving for returns given that Portola's product Andexxa had a short-shelf-life and the company therefore offered a generous return policy on all expired product; and (2) customer demand and utilization of Andexxa for those that purchased it (e.g., hospital and hospital-system pharmacies), both as to depth (regularity of usage) and breadth (types of bleeds prescribed for). On January 20, 2022, the Court denied Defendants' motion to dismiss Lead Plaintiff's Third Amended Consolidated Class Action Complaint. Defendants' answers are due on March 3, 2022, and the case is now in the discovery phase.

Mr. Barenbaum also regularly represents institutional investor clients in matters involving multi-party issues/disputes and complex discovery (for documents, individual depositions, and institutional "person most knowledgeable" depositions of key executives), including matters where they stand to collect millions of dollars as potential beneficiaries of certain government agencies' investigations or civil actions.

Mr. Barenbaum previously worked to prepare for trial *In re MetLife Demutualization Litigation*, No. 00-Civ-2258 (E.D.N.Y.) – a case before the Hon. The second involved Peregrine, where the firm represented individual directors whose company had been acquired by Peregrine and whose options and shares had been converted to Peregrine shares. Mr. Barenbaum worked on all facets of litigation in those cases, from dispositive motions to discovery to appeals to oral argument.

KRISTIN J. MOODY

Kristin J. Moody is a partner in the firm's San Francisco office, where she focuses her practice on securities litigation. She has successfully litigated numerous class actions that have resulted in substantial settlements for defrauded investors.

Currently, Ms. Moody serves as one of the lead partners for the team prosecuting *In re Aqua Metals, Inc. Securities Litigation*, No. 4:17-cv-07142-HSG (N.D. Cal.), a securities class action against Aqua Metals, Inc. and certain of its former executives. The case alleges that the defendants engaged in a widespread fraud to mislead investors about, among other things, the implementation and operations of the Company's purportedly proven AquaRefining technology that would supposedly revolutionize the \$22 billion lead acid battery recycling business. The case settled for \$7 million, which was approved by the court on March 2, 2022. She is also one of the partners prosecuting *In re Aegean Marine Petroleum Network, Inc. Securities Litigation*, No. 18-cv-04993-NRB (S.D.N.Y.), a case in which the firm is Lead Counsel representing sole Lead Plaintiff, Utah Retirement Systems in a securities fraud class action lawsuit against Aegean Marine Petroleum Network, Inc. ("Aegean"), a marine fuel logistics company based in Greece that supplies and markets refined marine fuel and lubricants to ships in port and at sea, and several former officers. To date, the parties have reached proposed partial settlements with two of the four defendants for

a total of \$29.8 million plus cooperation, which were preliminarily approved by the court on June 3, 2022. The case is ongoing as to the remaining, non-settling defendants.

Ms. Moody was lead partner for the team prosecuting *Oklahoma Police Pension & Retirement System v. Sterling Bancorp, Inc, et al.*, No. 5:20-cv-10490-JEL-EAS (E.D. Mich.), a securities fraud class action lawsuit against Sterling Bancorp, Inc., certain of its current and former officers and directors, and the underwriters for the Company's initial public offering (the "IPO"). The case was brought on behalf of investors who purchased or otherwise acquired Sterling common stock from November 17, 2017 through and including March 17, 2020 (the "Class Period"), including shares sold in the IPO. Sterling, headquartered in Southfield, Michigan, is the unitary thrift holding company of Sterling Bank and Trust which specializes in residential mortgages. The case alleges that defendants issued materially untrue and misleading statements concerning, *inter alia*, the Company's loan underwriting, risk management, compliance and internal controls, including regarding the Company's Advantage Loan Program, the Company's largest lending program which the Company completely shut down by the end of the Class Period. The case reached a settlement of \$12.5 million, which was approved by the court on September 23, 2021. Ms. Moody also represented lead plaintiff in *In re Zynga, Inc. Securities Litigation*, where she investigated and drafted the complaint and successful opposition to the motion to dismiss, conducted discovery, and participated in mediation. The case reached a settlement of \$23 million. Ms. Moody also investigated and drafted the consolidated amended complaint in a class action against General Electric Co., certain of its officers and directors, and underwriters of its public offering; drafted lead plaintiff's opposition to defendants' motions to dismiss and subsequent briefing with the court; and conducted discovery in the matter. The case settled for \$40 million. Further, Ms. Moody assisted in the litigation of *In re BP p.l.c. Securities Litigation*, where she helped draft the amended complaint and the successful opposition to defendants' motion to dismiss. BP and Lead Plaintiffs for the "post-explosion" class reached a settlement in the amount of \$175 million.

Ms. Moody also served as lead partner for the firm in *McLaughlin v. Wells Fargo Bank, N.A.*, No. 3:15-cv-02904-WHA (N.D. Cal.), which achieved a precedent-setting opinion holding that Wells Fargo Bank, NA is required under the Truth in Lending Act ("TILA") to indicate the amount of property insurance proceeds held by the bank on plaintiff customer's payoff statement. The litigation ultimately attained a settlement which provided \$880,000 to the damages class (more than \$2,900 for each damages class member), which is 88% of the total maximum statutory damages that could have been recovered if fully litigated. The settlement also requires Wells Fargo to disclose insurance claim funds on all of its payoff statements going forward, which is a benefit beyond what could have been achieved at trial. Ms. Moody also managed litigation, coordinated and conducted discovery, counseled clients, and participated in mediation in *In re Force Protection Securities Litigation*, which settled for \$24 million. Ms. Moody further coordinated and conducted discovery, counseled the client, and participated in mediation in litigation against International Rectifier Corp. and several of its former officers and directors for an alleged fraud at a foreign subsidiary, which settled for \$90 million. In addition, Ms. Moody participated in the motion to dismiss briefing and mediation in *In re American Home Mortgage Securities Litigation*, which settled for \$37.25 million, despite the difficulties American Home's bankruptcy posed to asset recovery.

Prior to joining Berman Tabacco, Ms. Moody practiced at Holland & Knight, LLP in Boston and Morrison & Foerster, LLP in San Francisco. While at Morrison & Foerster, Ms. Moody represented clients in complex commercial litigation matters with a focus on securities litigation. At Holland & Knight, she represented clients in a range of white-collar criminal matters, government and regulatory investigations, and complex civil litigation, including securities litigation. Ms. Moody has also represented clients in a number of *pro bono* matters, including discrimination and political asylum cases.

Ms. Moody was selected as a *Super Lawyer* by *Northern California Super Lawyers* magazine (2020-2022) and was included in *San Francisco Magazine's Top Women Attorneys in Northern California* (2020-2021). She was also selected by *Lawdragon* for its *500 Leading Plaintiff Financial Lawyers* guide (2019-2021), as featured in *Lawdragon's The Plaintiff Issue* magazine (2020-2021).

NATHANIEL L. ORENSTEIN

A partner in the firm's Boston office, Nathaniel L. Orenstein focuses his practice on securities and antitrust litigation. He is currently engaged in a number of matters to ensure that corporate directors' meet their fiduciary obligations to their shareholders. Most recently, Mr. Orenstein successfully prosecuted in *Norfolk County Retirement System v. David D. Smith*, Civ. No. 1:18-cv-03952 (D. Md.) a case concerning a merger between Sinclair Broadcast Group and Tribune Media Company that was blocked by the U.S. Department of Justice ("DOJ") and the U.S. Federal Communications Commission ("FCC") because Sinclair proposed "sham" divestiture

transactions to the FCC and "engaged in misrepresentation and/or lack of candor" with respect to those related party transactions. The settlement provided far-reaching benefits to Sinclair and its shareholders, including substantial corporate governance reforms, comprised of, among other things, the creation of two new board committees, along with nearly \$25 million in financial recovery – including a rare \$5 million personal contribution from Sinclair's controlling shareholder. In approving the settlement, the Court noted that "[i]n this case, plaintiffs' counsel secured an excellent settlement that includes significant corporate governance reforms that would not have resulted from a trial on the merits."

Mr. Orenstein's representative cases also include: *In re Bluegreen Corporation Shareholder Litigation*, No. 502011CA018111 (15th Judicial Cir., Florida) (\$36.5 million settlement and \$80 million in benefit to class secured to date as member of Executive Committee); *In re TPC Group, Inc. Shareholders' Litigation*, No. 7865-VCN (Delaware Chancery) (\$79 million benefit to class while co-lead counsel); *Louisiana Municipal Police Employees' Retirement System v. EnergySolutions, Inc.*, C.A. No. 8350-VCG (Delaware Chancery) (\$36 million benefit to class as co-lead counsel); *In re El Paso Corporation Shareholder Litigation*, No. 6949-CS (Delaware Chancery) (\$110 million benefit to class as member of Executive

Committee); *In re American Home Mortgage Securities Litigation*, No. 07-MD-1898 (E.D.N.Y.) (\$37.25 million benefit to class as member of litigation team); *In re Force Protection Inc. Securities Litigation*, No. 2:08-cv-845 CWH (D.S.C.) (\$24 million benefit to class as member of litigation team); and *In Re: Nexium (Esomeprazole) Antitrust Litigation*, No. 12-md-02409-WGY (D. Mass.) (\$24 million benefit to class secured to date as local counsel).

Prior to joining Berman Tabacco, Mr. Orenstein was a staff attorney for the Securities Division of the Office of the Secretary of the Commonwealth of Massachusetts. While there, he performed company examinations as well as investigated and pursued enforcement actions to detect and prevent fraud at hedge funds and related companies. Mr. Orenstein was the lead attorney on many investigations and actions against broker-dealers, investment advisors and others.

Prior to obtaining his J.D. from the New York University School of Law in 2005, Mr. Orenstein served as a member of the mutual fund and insurance brokerage investigation teams for the Office of the New York State Attorney General's Investment Protection Bureau. As a legal intern, he assisted with the Bureau's investigation work including, case planning, discovery and settlement negotiation.

In addition to his work for the Commonwealth and for New York State, Mr. Orenstein was the Associate Director for the Center for Insurance Research, a consumer advocacy organization. In this role, he supported Center attorneys in litigating complex insurance reorganization transactions. He also testified in regulatory and legislative proceedings on behalf of policyholders concerning market conduct and insurance rate setting.

Benchmark Litigation has ranked Mr. Orenstein as a *Massachusetts Future Star* (2021-2022) and *Massachusetts Super Lawyers Magazine* named him a *Super Lawyer* (2020-2021) and a *Rising Star* (2014-2015).

Mr. Orenstein earned a J.D. from New York University School of Law in 2005, and a B.A. in Economics from Bates College in 1997.

Mr. Orenstein is a member in good standing in the Commonwealth of Massachusetts, the U.S. District Court for the District of Massachusetts and the U.S. Court of Appeals for the First Circuit.

MATTHEW D. PEARSON

A partner in the firm's San Francisco office, Matthew D. Pearson focuses his practice on securities, antitrust and consumer protection litigation. Mr. Pearson is an integral member of the firm's New Case Investigations Team and devotes a substantial amount of his time to evaluating and investigating potential new cases. Mr. Pearson also monitors foreign securities litigation, tracks developments in foreign class action and securities law, and assists clients interested in litigating abroad.

Since joining the firm in 2005, Mr. Pearson has served in key roles on a number of the firm's leading securities and antitrust cases. On the securities side, Mr. Pearson was part of the litigation team in *In re The Bear Stearns Cos. Inc. Securities, Derivative and ERISA Litigation*, Master

File No. 08-MDL No. 1963 (S.D.N.Y.), which resulted in settlements totaling \$294.9 million for aggrieved investors.

In his antitrust practice, Mr. Pearson was a prominent member of the firm's team leading the *In re New Motor Vehicles Canadian Export Antitrust Litigation*, No. 03-md-1532 (D. Me.), involving allegations that major automakers unlawfully conspired to stop the export of cheaper new Canadian vehicles into the United States. Mr. Pearson was involved in all aspects of this nationwide, multi-jurisdictional litigation, including discovery, class certification, extensive expert reports, summary judgment, appeals in multiple courts, and settlement. The federal case ended in 2009. Mr. Pearson currently represents car buyers in a related litigation in California state court, captioned *In re Automobile Antitrust Cases I and II*, JCCP Nos. 4298 and 4303 (San Francisco Superior Court), which continues against one remaining automaker defendant. To date, the firm has achieved settlements totaling over \$55 million for class members in the federal and California actions.

Mr. Pearson also assisted in the firm's efforts to achieve a historic \$295 million settlement with De Beers, where the firm represented a class of diamond resellers alleging De Beers unlawfully monopolized the worldwide supply of diamonds. The settlement was significant because, in addition to the \$295 million cash payment, the settlement included an agreement by De Beers to submit to the jurisdiction of the U.S. court to enforce the terms of the settlement and a comprehensive injunction limiting De Beers' ability to restrict the worldwide supply of diamonds in the future. The firm's work in this case – believed to be the first successful prosecution of De Beers under U.S. antitrust laws – serves as a template for corralling foreign monopolists.

Mr. Pearson co-authored an amicus brief submitted to the California Supreme Court on behalf of three unions in the *Kwikset* case, involving products falsely labeled as "Made in the USA." The California Supreme Court's ultimate opinion (*Kwikset Corp. v. Superior Court*, 51 Cal. 4th 310 (2011)), was highly favorable to our clients' interests and became one of the leading opinions regarding standing under California's Unfair Competition Law.

In 2021 and 2022, Mr. Pearson was selected as a *Super Lawyer* by *Northern California Super Lawyers* magazine.

Mr. Pearson received his law degree in 2004 from the University of California, Davis, School of Law, where he completed the King Hall Public Service Law Program. He completed his undergraduate studies at the University of California, Los Angeles, earning a Bachelor of Arts in Political Science, with an International Relations concentration.

Mr. Pearson is a member in good standing in the state bar of California, and the United States District Courts for the Northern, Central and Southern Districts of California.

TODD A. SEAVER

A partner in the San Francisco office, Todd A. Seaver litigates both antitrust and investment-related matters, with a primary focus on developing and litigating antitrust cases. He has led the day-to-day management of one of the largest antitrust class actions in history, and has litigated antitrust cases involving varied industries of high-tech, pharmaceuticals, autos, chemicals, consumer electronics, biotech, diamonds and online retailing. He is a leader of the firm's antitrust practice group, marshalling the firm's extensive investigative resources and then litigating the cases.

Currently, Mr. Seaver is co-lead counsel for consumer plaintiffs in an antitrust class action against American Express, *Oliver v. American Express Co.*, No. 1:19-cv-00566-NGG (E.D.N.Y.). The action is at the forefront of the payments industry and is now shaped by the landmark ruling in *Ohio v. American Express Co.*, 138 S. Ct. 2274 (2018), in which the U.S. Supreme Court articulated a new analytical framework for so-called "two-sided" markets.

Mr. Seaver is also presently counsel for plaintiffs and represents California State Teachers' Retirement System (CalSTRS) in the Euribor (*Sullivan v. Barclays PLC, et al.*, No. 13-cv-2811 (S.D.N.Y.)) and Yen Libor (*Laydon v. Mizuho Bank, Ltd.*, No. 1:12-cv-03419 (GBD) (S.D.N.Y.)), and *Sonterra Capital Master Fund, Ltd. v. UBS AG*, No. 1:15-cv-05844 (GBD) (S.D.N.Y.) antitrust cases involving Wall Street banks' manipulation of interest rate benchmarks and bid-ask spread price fixing on interest rate derivatives. He also currently represents Orange County Employees' Retirement System (OCERS) in an ongoing antitrust class action (*Dennis v. JP Morgan Chase & Co.*, No. 16-cv-06496-LAK (S.D.N.Y.)) alleging that U.S., European, and Australian banks manipulated the interest rate benchmark used to price derivatives that were denominated in Australian dollars and sold to U.S. investors. He also currently represents Fresno County Employees' Retirement Association (FCERA) in *In re Foreign Exchange Benchmark Rates Antitrust Litigation*, No. 13-cv-07789 (S.D.N.Y.), an antitrust class action against Wall Street banks for manipulating a foreign currency exchange rate benchmark and fixing bid-ask spreads on trillions of dollars of foreign currency exchange transactions.

He also leads plaintiffs' efforts in *In re New Motor Vehicles Canadian Export Antitrust Litigation*, in which Berman Tabacco is lead counsel. The case alleges that major auto manufacturers unlawfully conspired to stop the export of cheaper new Canadian vehicles into the United States for use or resale. The case has partially settled with Toyota Motor Sales U.S.A. for \$35 million and with General Motors of Canada for \$20.15 million. The litigation is ongoing in California state court, with the California Court of Appeal having recently reversed the trial court's grant of summary judgment in favor of defendant Ford Canada.

Mr. Seaver recently had a leading role in several cases, including, *In re Lithium Ion Batteries Antitrust Litigation*, No. 13-md-2420-YGR (N.D. Cal.), where the firm was co-lead counsel for direct purchaser plaintiffs. Settlements were reached totaling \$139.3 million for the direct purchaser class (final approval on the last three settlements was granted on May 16, 2018). The lawsuit alleged that defendants, including LG, Panasonic, Sony, Hitachi and Samsung, participated in a conspiracy to fix the prices of lithium ion rechargeable batteries, which affected the prices paid for the batteries and certain products in which the batteries were used and which the defendants sold. Mr. Seaver argued and defeated motions to dismiss

and deposed fact witnesses and defendants' expert economist and made the oral argument in opposition to defendants' *Daubert* motions to exclude plaintiffs' expert economist's opinions at class certification.

Mr. Seaver led efforts for the firm in an action against Netflix and Wal-Mart, *In re Online DVD Rental Antitrust Litigation*, in which Berman Tabacco was among lead counsel. He was responsible for managing many aspects of discovery, class certification and summary judgment, as well as for achieving partial settlement with defendant Wal-Mart. He successfully argued in Ninth Circuit Court of Appeals for that case on an issue of first impression regarding the Class Action Fairness Act and settlements involving a mix of cash consideration and electronic store gift cards. He was also one of the lead counsel in *In re Optical Disk Drive Antitrust Litigation* and also worked on a number of the firm's high-profile cases including *Cardizem CD*, still the leading generic drug competition case, which settled in 2003 for \$80 million. In the *Cardizem CD* case, Berman Tabacco was co-lead counsel representing health insurer Aetna in an antitrust class action and obtained a pioneering ruling in the federal court of appeals regarding the "reverse payment" by a generic drug manufacturer to the brand name drug manufacturer. In a first of its kind ruling, the appellate court held that the brand name drug manufacturer's payment of \$40 million per year to the generic company for the generic to delay bringing its competing drug to market was a per se unlawful market allocation agreement. Today that victory still shapes the ongoing antitrust battle over competition in the pharmaceutical market.

Mr. Seaver spearheaded the landmark case against the major credit rating agencies (Standard & Poor's and Moody's), *California Public Employees' Retirement System v. Moody's Corp.*, No. CGC-09-490241 (Cal. Super. Ct. San Francisco Cty.). The case, filed on behalf of the nation's largest state pension fund, the California Public Employees' Retirement System (CalPERS), was groundbreaking litigation that held the rating agencies financially responsible for negligent misrepresentations in rating structured investment vehicles. Moody's and Standard & Poor's agreed to pay a total of \$255 million (\$130 million and \$125 million, respectively) to settle CalPERS' claim that "Aaa" ratings on three SIVs were negligent misrepresentations under California law. This case was groundbreaking in that (i) the settlements rank as the largest known recoveries from Moody's and S&P in a private lawsuit for civil damages; and (ii) it resulted in a published appellate court opinion finding that rating agencies can, contrary to decades of jurisprudence, be liable for negligent misrepresentations under California law for their ratings of privately-placed securities.

Mr. Seaver was previously associated with the law firm Devine, Millimet & Branch, P.A., where he practiced commercial litigation. He was an adjunct Professor of Law with the New England School of Law in 2003, teaching Appellate Advocacy.

Mr. Seaver is a member of the American Bar Association's Antitrust Section and served a two-year term as a Director for the San Francisco Bar Association's Antitrust Committee in 2012-2013.

He was also named a *Super Lawyer* by *Northern California Super Lawyers Magazine* (2017-2022), and has been recognized by *Global Competition Review's Who's Who Legal: Competition* (2017-2019). *Who's Who Legal* has also named Mr. Seaver a *Thought Leader* in Competition (2019-2020, 2022).
